## Bulletin No. 1 of 2003: Change to Product. March 18, 2003

### **Subject: EXO Oral Nasal Tie Wrap**

### **Product Affected: All EXO BR & BRMS Full Face Masks**

It has been found that the attachment of the oral nasal mask to the mount nut can be greatly improved by the installation of a tie wrap. This tie wrap is a specially purchased item with optimum dimensions that ensure best possible fit. Use of any other tie wrap may not provide proper holding power, or actually cause the Oral Nasal Mask to dislodge.

Kirby Morgan announces the addition of a tie wrap to all EXO BR and BRMS Full Face Masks manufactured after 1 Feb. 2003.

A retrofit kit, Part # 325-060 (5 tie wraps and installation instructions) is available.

Also the following kits now include the tie wraps.

EXO Oral Nasal Mask replacement kit, Part # 325-055

EXO Oral Nasal Conversion Kit, Part # 325-090

EXO Orig. & Standard Reg rebuild kit, Part # 325-305
