Change to Product Bulletin No. 4 of 2003 Dec. 15, 2003

Subject: Product Change to KMB 18 & 28 Band Masks

Products Affected: KMB 18 & 28 Band Masks

Beginning in January, 2004, all KMB 18 & 28 Band Masks will come equipped with the new patent pending Band Mask® Band Keepers™ (patent pending) along with a redesigned hood. This upgrade not only prevents any separation of the hood from the mask but also makes it impossible for the bands to separate from the mask.

These new parts are retrofittable on all older KMB 18 & 28 Band Masks and are available in a kit, Part # 525-172. See your local Authorized KMDSI Dealer for price and delivery information.

Parts included in this kit:

Part Number	Description	Quantity
530-040	Screw	3
530-062	Screw	1
530-145	Lock Nut	2
540-171	Top Band Keeper	1
540-175	Bottom Band Keeper	1
510-712	KMB Hood Assembly	1

and complete installation instructions.
