DSI New Product Announcement!

DCS-2A without communications

DSI Part # 400-018 or # 400-019

DSI announces it's new Dive Control System 2A without communications. Due to many requests for a quality air control box without communications, Diving Systems International is now making our internationally known Dive Control System 2A available in a no communications configuration.

This DCS-2A has the same air control panel configuration and optional shutoffs (shown) as our original DCS-2A, and is housed in the same high quality case.

DSI Part # 400-018 DCS-2A no communications

Suggested Retail \$3000.00

DSI Part # # 400-019 DCS-2A no communications w/shutoffs

Suggested Retail \$3350.00
