Bulletin #6 of 2026. July 2, 2026

CHANGE TO PRODUCT BULLETIN

P/N 220-056 Bearing Clip Has A Color, Material, And Design Change

Products Affected: P/N 505-455 The 455 Balanced Regulator, P/N 505-752 Diamond Main Tube Assembly and P/N 805-250 Main Tube Assembly/Surf-Sup, and P/N 200-120 Balanced Scuba Regulator Assembly.

The material and design have been upgraded to improve the P/N 220-056 Bearing Clip's durability and function. The color change allows for simple identification.

The current P/N 220-056 Bearing Clip (left) and the previous bearing clip (right).

There will be no exchanges offered. The part number will remain the same, and there will be no change to associated maintenance procedures.

Kirby Morgan® will install the updated bearing clip on all future production of main tubes that require it. The new bearing clip is now available across all associated service kits and is also available for individual sale.

Any existing stock of the bearing clip may be used without issue.

Always purchase your Kirby Morgan® products from an authorized Kirby Morgan® dealer. A list of all authorized Kirby Morgan® dealers is available on our website, www.kirbymorgan.com/dealers.

Please contact your authorized KMDSI dealer or e-mail sales@kirbymorgan.com for more information.
