Bulletin #5 of 2011. August 22, 2011 New Product Bulletin Maintenance & Repair Log Book, P/N 125-001

Products Affected: All complete Helmets and Masks, including part numbers 300-036, 300-036MS, 300-037, 300-038, 300-038MS, 500-010, 500-011, 500-025, 500-026, 500-028, 500-029, 500-040, 500-041, 500-050, 500-051, 500-050NS, 500-051NS, 500-070, 500-071, 500-080, 500-081, 500-090, 500-091, 500-100, 500-101, 500-117, 500-599, 500-600 and 800-050.

Effective immediately, the maintenance and repair log book ships free with all newly purchased Kirby Morgan helmets and masks. It will accompany the manual. Additional log books may be purchased through an authorized Kirby Morgan dealer.

The Kirby Morgan Dive Systems, Inc., equipment log book has been developed to work with the long standing operational/ maintenance checklists, procedures, and operations/ maintenance manuals for all the KMDSI Helmets and Band Masks. The log book along with the pre, post, monthly and overhaul checklists, available online, provide a means of managing, tracking, and documenting equipment repair, maintenance and use.

The log book is constructed of an all-weather waterproof paper that can be salvaged when fully submersed in water. A complimentary fine point permanent marker is also provided with the log book.

Kirby Morgan waterproof maintenance and repair log book and pen
