These changes are to increase efficiency in the assembly and production process.

**The obsolete parts are still effective and do not require changing out.**

## **455 Balanced regulator P/N 505-455**

- The Balance Spacer, P/N 550-549 will no longer be dark grey in color.
- The **NEW COLOR** will be **BROWN. NO PART NUMBER CHANGE.**

## **Balanced SCUBA regulator P/N 200-120**

The Balance Piston, P/N 250-029 is obsolete and will no longer be used in the Main Tube Assembly P/N 205-030.

Change to the Main Tube Assembly: The obsolete P/N 250-029 is replaced by the two parts below.

- The **Balance Spacer** P/N 550-549 is **brown** in color.
- Washer P/N 250-065 must be used when using the new color, brown Balance Spacer in the Balanced SCUBA regulator.  
*(Washer **NOT** to be used with the original dark grey P/N 250-029)*

Reminder: Change-out to the current parts is not necessary. There is no upgrade to perform.
